**Trading update**

iEnergizer, the technology services and media solutions leader for the digital age, is pleased to give the following update to the market.

The Company is witnessing strong growth across all its verticals. This organic growth coupled with recent new contract wins means the Company expects to announce another record year significantly above last year's numbers.

Marc Vassanelli, Chairman of iEnergizer, commented: "We are delighted to give such a positive update to the market with numbers ahead of market forecasts, and we look to the future with increased confidence across the group."
